

# Fancy, Ways Of Love

Waiting deep inside a heart  
There is a gateway  
Leading us to all the dreams  
We're dreaming of  
Seems that we have lost the key  
To understanding  
All we need is to  
Believe in ways of love  
New ways of love

If we only trust the way we feel  
There so much to regain  
There's mystery  
There's magic  
We can wash away all pain

Ways of love  
You know we can't wait  
Anymore  
It's time to teach each other  
Ways of love  
Ways of love  
You know we can't wait  
Anymore  
We can change the world we live in  
All it takes is to believe in

Ways of love

The universe we share is simply  
A reflection  
A mirror of the many thoughts  
We're thinking of  
If we want to reach  
The land of sweet perfection  
All we need is to  
Believe in ways of love  
New ways of love

If we hold hands by the millions  
We can make a mighty change  
We can be a force for peace and love  
That forever will remain

Ways of love  
Send us flying high  
We can touch our souls  
We can touch the skies  
Ways of love  
Send us flying high  
So high
