

Fat Amy, Odd Man

(R.J. Johnson/Guiney/Reedy)

At every stop he makes her cry

It's not by his design

At every crossing that they pass

It's always another sign

Never wish for what you always thought you would need

Daddy's little girl would never give up her world for me

wouldn't want to breathe if it will ruffle your feather

why don't you leave if it will make you feel better

Upsetting thoughts you've had

I've ruined your day

Odd Man Out

Bring these walls down on me

Tear this place to the ground

You've ruined e everything... you destroyed everything

Wouldn't wait for what you always thought you would need

Daddy's little girl would never f**k up her world for me

wouldn't want to breathe if it will ruffle your feather

Why don't you leave if it will make you feel better

Upsetting thoughts you have

I've ruined your day

Odd Man Out

Wouldn't want to breathe if it will ruffle your feather

why don't you leave if it will make you feel better

Upsetting thought you've had

I've ruined your day

Odd Man Out
