

# Fat Joe, Part Deux

How many emcees must get dissed?  
How many motherfuckin mics I got to rip? Til you  
are considerate, illegitimate, rap motherfuckers  
stop talkin your shit!! Yeah  
Fat Joe, Jealous One's Envy  
Steppin to the jam niggaz actin all friendly  
Smilin in my face, and all the whiles they wanna  
take my fuckin place, them backstabbers, them backstabbers  
I got some shit for your whole damn crew  
How the fuck you gon' face a Mac-11 with a twenty-two?  
And then deliver, I'll shake your shiver  
and shatter your bones, the modern day Al Capone  
Step into my zone and get blown  
He who claims to wear the crown'll get the throne, check it  
There's many emcees in this world of rap  
But not too many emcees can fuck with Joey Crack  
In fact, yo, I be the realest you know  
With the illest of flows, bustin caps at po-po's

Chorus:

"You gotta flow Joe!" All these niggaz know the time  
when I come through I shine with these genuine rhymes  
"Let em know Joe!" What you mean they don't know?  
I'm representin right now like I represented befo'  
"You gotta flow Joe!" All these niggaz know the time  
when I come through I shine with these genuine rhymes  
"Let em know Joe!" What you mean they don't know?  
What you mean they don't know? What you mean they don't know?

Many thought it couldn't happen, Joe was never rappin  
He was always gettin loot off the crack and  
fuckin with them heavyweights, who had shit sewn in every state  
The very sight'll make the average man defecate  
Livin the life of stock, bonds and cars, word bond  
When I be gone I'll be worshipped like ?Nicky Barnes?  
It's on, you don't want no confrontation  
Killer communication, I suffer from multiple lacerations  
Take a look at Joey Gambino  
Spilled your chips in the casinos while feastin on shrimp scallapino  
Niggaz don't want it, word to mother  
I be that catchin body ese that'll leave that ass six feet under  
Rappers wonder, where I been since The Real  
I been plannin my strategy for the next kill  
Ninety-five for the real live  
Only the strong survive, that's why I pack a four-five  
We got, all these actors playin characters and killers  
Wannabe hammer cockers, but, shit is realer than they think  
Fuck around and get them clothes ?rentin?  
Many believe Fat Joe will be the cause of armaggedeon

Chorus 2X

"You gotta flow Joe!"
