

Fatal Flowers, For Christ Sake

If you're feelin' lonely and blue
You don't know in the world just what to do
Just tune into the voice of God
And you'll feel happy on this spot

If your Jewish, perverted or gay
Don't think twice, start to pray
'Cause you're very likely a commy as well
Ooh brother you will burn in hell

I've seen your love too many times
I've seen them hurt, I've seen them scared, I've seen them die

I've seen your look too many times
Ooh for Christ sake dump 'em all

If you listen to jazz or rock
Sister you're insulting your god
So throw away that satanic lp
And buy yourself our latest release
