

Fate Mercyful, Evil

I was born on the cemetery. Under the sign of the moon.
Raised from my grave by the dead. I was made a mercenary.
In the legions of Hell. Now I'm king of pain, I'm insane.
You know my only pleasure is to hear you cry. I'd love to hear
you cry. I'd love to feel you die. And I'll be the first. To watch
your funeral. And I'll be the last to leave. I'd love to hear you cry.
And when you're down beyond the ground. I'll dig up your
body again. And make love to shame. Oh lady cry, and say
goodbye, goodbye. Oh lady cry, and say goodbye. You've
gotta say goodbye. 'Cause I will eat your mind.
