Fatty Koo, Tight

(Valure)

Ìt's Friday night,

Hittin' the club with my girls tonight (what) I'm hanging out with my girls tonight (who?)

Tamika, Ranisha, Shaniqua, Alicia, Myesha, Aylisha, Janelle,

Shanelle, Danielle, Michelle, Rochelle, Anelle

Leave your troubles at the door

Ya'll know what you came here for

(Eddie B.)

Tell your friends to come along (okay)

My crew, your crew, we can get it on

And wear that little thing I like

You know. A thong.

I wanna see you bounce and shake it all night long

Baby, leave your digits on the dresser

I'll call you (sure you will, yeah, whateva)

Okay, I'll have it your way

It's all right with me, so what's it gonna be?

(Chorus, Valure)

Ladies, open up a bottle of cris, and make your man lose it

You ain't gotta hurt nobody

Shake it on the floor

Let him know that you want some more

Fellas, if your game is tight

You'll be leavin' with a lady tonight

Take her home and lay down the pipe and make this night last forever

Do what ya gotta do to the music

Take yourself and losse your mind to the music

Let these brothers know you know how to move it

Don't procrastinate,

Just get right to it

Cuz if you know what it is then the game's on

Sky's the limit, baby girl, you got on and on

Too hot in here,

I wanna take my clothes off (take my clothes off)

(Gabrielle)

Body goin' through convulsions like you on crack

Yeah, baby, you can dance, but your game is wack

The way I work it on the floor, I know you like that

I'm with my crew Fatty Koo, you know where I'm at

And maybe I can take your cell,

But I won't hit you back

Come get with me,

You fell you won't, but you still wanna

For me the night is goin' just how it's supposed ta,

It makes me kinda wanna get a little closer

(Chorus, Valure)

Ladies, open up a bottle of cris, and make your lose it
