# Fauxliage, All The World

Ill break you down
Ill take you down down
Fill you with sadness
Make your life madness
CHORUS
I am having the hard time
I am making you do the hard time too
I am stuck in a bad way
And I'm gonna make you pay for it
Give me a mile
Ill take a hundred miles
Such a mistake
Sorry, you made
CHORUS
I am having the hard time
I am making you do the hard time too
I am stuck in a bad way
And I'm gonna make you pay for it
(3x)
I know youre here
I know youre gone
I never asked you to stay
I am waking up, baby
Now tell me
Are you ok
