

# Fawni, It's All About You

It's All About You  
My heart is beating double time  
I don't wanna it stops  
I need you like Mick Jagger need to rock  
I don't want any other boys  
Never let them drop  
Let them drop, let them drop  
Wanna give you what I get

I can never let you know  
Let you know again  
Never mean to hurt you  
This is what it ends  
I get another chance  
Another chance  
And now I never let you go  
Let you go

It's All About You  
And you notice it
