

Fear Factory, Goodbye

Written & composed by Phil Wilde & Kate Ryan

Visions about you bring tears to my eyes
All that surrounds you were secrets and lies
You were my strength you were my dream
We were a perfect team

Our love was stronger than the winds of time
Could hold you longer till the day I die... goodbye
Goodbye

The love songs I wrote, I cannot sing them anymore
This is all your fault 'cause you walked out the door
You were my strength - You were my dream
Love hurts, when it's not what it seems

Our love was stronger than the winds of time
Could hold you longer till the day I die... goodbye
Goodbye
