

# Fear Factory, Goodbye

Written & composed by Phil Wilde & Kate Ryan

Visions about you bring tears to my eyes  
All that surrounds you were secrets and lies  
You were my strength you were my dream  
We were a perfect team

Our love was stronger than the winds of time  
Could hold you longer till the day I die... goodbye  
Goodbye

The love songs I wrote, I cannot sing them anymore  
This is all your fault 'cause you walked out the door  
You were my strength - You were my dream  
Love hurts, when it's not what it seems

Our love was stronger than the winds of time  
Could hold you longer till the day I die... goodbye  
Goodbye
