

# Fear Factory, Invisible Wounds (The Suture Mix)

Dark bodies floating in darkness  
No sign of light ever given  
Imprisoned in the world  
With out a memory.

Unconscious or am I conscious  
Cut from the heart I am part of  
Sometimes I feel as though  
Im frozen in heaven.

And I saw  
My own face  
In the dark  
And loneliness [loneliness]  
And I saw  
My own face  
Like a spark  
Frozen in heaven.

In dreams I see myself flying  
Closer to the sun Im climbing  
Try to touch the sun  
But the brightness burned my eyes.

Unconscious or am I conscious  
Fell from the sky like a star  
Sometimes I feel as though  
Im frozen in heaven.

And I saw  
My own face  
In the dark  
And loneliness [loneliness]  
And I saw  
My own face  
Like a spark.

Unconscious over my conscious  
Fell from the sky like a star  
Sometimes I feel as though  
Im frozen in heaven.

And I saw  
My own face  
In the dark  
And loneliness  
And I saw  
My own face  
Like a spark  
Frozen in heaven.
