

Fear Factory, Pisschrist

Where are we now?
When we are blind
Abandoned faith
You left behind

Were you betrayed?
Or did you lie?
Our common fate
Our common demise

Where is the son?
To light the way
Along the path
Of our dismay

Look to the sky
On judgement day
A human god
That was man-made

So we lie
So we lie
So we lie
So we lie

And so we rise
Just to fall down
In reality
You're never found

I'm reaching out
With sealed eyes
I grab for light
Visitors decried

Look to the sky
On judgement day
A human god
That was man-made

So we lie
So we lie
So we lie
So we lie

Face down, arms out
Nailed to the cross of doubt
Blood runs like rain
Drowning for this world in vain

Crown of black thorns
Human skin, ripped and torn
Crown of black thorns
Human skin, ripped and torn

Where's your savior now?
