

# Fear Factory, Remanufacture (Demanufacture)

Desensitized by the values of life  
Maligned and despaired by government lies  
Revenge is so strong  
I taste it on my tongue  
My gun will be  
Your angel of mercy  
Dislocated by the eyes of disdain  
Abused beyond recognition  
I can't cope with  
The madness abounding  
Blasts in my head  
Of gunfire resounding  
Firing relentless  
Killing the senses  
I've got no more goddamn regrets  
I've got no more goddamn respect  
I am the thorn  
In your eye  
I am the thorn  
In your eye (x2)  
Repeat second verse  
I've got no more goddamn regrets  
I've got no more goddamn respect (x3)
