

# Feeder, Forever Glow

I wanna watch you glow  
I love to see you glow  
I wanna see the sun shine out  
And heal the aching bones  
I wanna set you free  
Find sweet harmony  
Cause I can see a rainbow now  
Smiling through the trees

Glow, glow, forever glow  
Glow, glow, forever glow

I wanna let you know  
Let the river flow  
Find that place to be  
Set your spirit free  
Lighten up the shade  
Bring color to the day  
A perfect kind of you  
A perfect kind of me

Glow, glow, forever glow  
Glow, glow, forever glow
