

# Feeder, Living In Polaroid

Breathing in, spitting out  
The bittersweet sugar of life  
It used to taste better  
Sucking in, pulling in  
Emotions I just can't hide  
Cheap smiles and promises

Cause we're polaroid  
We're living in polaroid  
Polaroid, it's making me paranoid

Hanging on, holding on  
To cables inside my mind  
Cut loose and crashing in  
Serenade, the volume raise  
Breaking glass heads and hands  
I can't go on living

Cause we're polaroid  
We're living in polaroid  
Polaroid, it's making me paranoid  
Polaroid, she's living in polaroid  
Polaroid, it's making me paranoid, paranoid

You gotta set me free  
You gotta set me free  
You gotta set me free

Polaroid, we're living in polaroid  
Polaroid, it's making me paranoid  
She's polaroid, we're living in polaroid  
Polaroid, it's making me paranoid  
Polaroid (polaroid, polaroid, polaroid...)  
She's my polaroid  
Polaroid, it's missing in polaroid  
Polaroid
