

Feeder, Radiation

Pull back my skin
Look deep within
Transparent grins
The more you kill me
Just see how it is
Just see how it really is
There's radiation in my head
Can't you see I'm going mad
See the colour of my skin
Turning blue as I breathe in
There's radiation in my head
Suffer for life
My soul divides
I'm reaching high
But no one sees me
Just see how it is
Just see how it really is
There's radiation in my head
Can't you see I'm going mad
See the colour of my skin
Turning blue as I breathe in
There's radiation in my head
Suffer for life
My soul divides
I'm reaching high
But no one sees me
Just see how it is
Just see how it really is
Get it out, Get it out, Get it out
Trapped in my shell
My fingers melt
All by myself, I'm all by myself
Just see how it is
Just see how it really is
There's radiation in my head
Can't you see I'm going mad
See the colour of my skin
Turning blue as I breathe in
There's radiation in my head
Suffer for life
My soul divides
I'm reaching high
But no one sees me
Just see how it is
Just see how it really is
There's radiation in my head
Can't you see I'm going mad
See the colour of my skin
Turning blue as I breathe in
There's radiation in my head
Suffer for life
My soul divides
I'm reaching high
But no one sees me
Just see how it is
Just see how it really is
Radiation, Radiation
There's radiation in my head
Can't you see I'm going mad
See the colour of my skin
Turning blue as I breathe in
There's radiation in my head
Suffer for life
My soul divides

I'm reaching high
But no one sees me
Just see how it is
Just see how it really is
You hear me breathe a little more
And see me walk into the storm
The more you give yourself away
The more it burns and breaks away
