

# Feeling, Love It When You Call

I found a switch  
you turned it on  
I Hit the ditch  
you carried on  
I was so near  
Now you're so far  
Are you quite sure  
Just who you are

O IIIII  
O you could chose a friend but you don't seem to have the time  
O IIIII  
I wonder if you ever get to say what's on your mind  
O take a little time, come on take a little time

I love it when you call  
I love it when you call  
I love it when you call  
But you never call at all  
So what's the complication it's only conversation  
An I love it when you call  
But you never call at all

Whoa!(He loves it when you call.  
He loves it when you call.  
Ahh)

Remember me, I used to be the best time buddy  
That you couldn't wait to see  
But getting old, it takes its toll  
And hearts getting broken lead to people growing cold

O IIIIII

I'm flippin' with a coin that's got a tail on either side  
O IIIIII  
I'm gonna be the one who makes you stop and realize  
You could have it all  
Yea, We should have it all

I love it when you call  
I love it when you call  
I love it when you call  
But you never call at all  
So what's the complication it's only conversation  
An I love it when you call  
But you never call at all

Whoa!  
(He loves it when you call  
He loves it when you call.)

Yea I wonder where you been  
Yea I wonder who you've seen  
And I hope you find your train  
When you do a living and hope it's all it seems

I love it when you call  
I love it when you call  
I love it when you call  
But you never call at all  
So what's the complication it's only conversation  
I love it when you call

But you never call at all

Woo!
