

# Fergie, Enchanté (Carine) ft. Axl Jack

Enchanté, comment allez-vous?  
Très bien, merci et vous, et vous, et vous  
Et vous, et vous, et vous

Enchanted, delighted  
To meet you, excited  
The people, the music  
I want you, consume it  
It's sinful, this greeting  
A ritual, a meeting  
The first time impression  
Your truest expression

If I could reach and hold your hand, I would  
If I could live inside this dance, I would  
If I could reach and hold your hand, I would  
If I could live inside this dance, I would

Enchanté, comment allez-vous?  
Très bien, merci et vous, et vous, et vous  
Et vous, et vous, et vous  
Enchanté, comment allez-vous?  
Très bien, merci et vous, et vous, et vous  
Et vous, et vous, et vous?

This feeling, can't loose it  
It's better to use it  
To find out, discover  
How we like each other  
The mystery, not knowing  
Why can't we be showing  
Our secrets, the magic  
Let's reach out and grab it

If I could reach and hold your hand, I would  
If I could live inside this dance, I would  
If I could reach and hold your hand, I would  
If I could live inside this dance, I would

Enchanté, comment allez-vous?  
Très bien, merci et vous, et vous, et vous  
Et vous, et vous, et vous?  
Enchanté, comment allez-vous?  
Très bien, merci et vous, et vous, et vous  
Et vous, et vous, et vous?

So come and go my way (eh)  
Let's do this everyday (eh)  
Happy is where I be (ee)  
So take a ride with me (me)  
So come and go my way (eh)  
Let's do this everyday (eh)  
Happy is where I be (ee)  
So take a ride with me (me)

New memories, new faces  
Applaud it, embrace it  
With kisses, I love you's  
Below and above you  
The details, the levels  
Make me want to revel  
Inside your perspective  
I swear I'm objected

If I could reach and hold your hand, I would  
If I could live inside this dance, I would  
If I could reach and hold your hand, I would  
If I could live inside this dance, I would

Hi, hello, and how are you?  
Very well, thank you, and you  
And you, and you  
And you, and you, and you?□
