

# Fergie, Hungry

Hungry, Hungry /4x

Just say it's complicated  
Understatement of the year  
Or maybe conflict made it the new flavor in the year  
They know that I'm a problem  
That's why everybody scares  
Whatever doesn't kill you, can make you a millionaire  
Just turn the headphones up  
Or make the windows roll up  
Or make they hands go up  
When I show up and I blow it till I'm full up  
Wait, hold up  
Get look in the mirror  
Only one I fear  
You say you the realest  
I told you I'm the illest

Sick, sick,  
Hungry, hungry
