FFH, Waltz For Jennifer

Another long day is gone and I'm ready For another long night where I'll be by your side Another long day will come and I'll thank Jesus That I am alive and that He made you mine

We belong together, you and me Holding on tight like lock and key Going strong the way this love should be - a fantasy And I'm so glad that God made me for you and you for me

I'm having that dream where we are walking Together along with the sand in our feet Then I am awake and I realize It wasn't a dream, it was reality
