

Fiat Lux, Secrets

You've been reading my diary
You have taken my heart away
Now you know me inside out
You know my secrets

But where's my sanctuary
That was my secret
I need to hide things from you
And now you know

You've been reading my diary
You have taken my heart away
Now you know me inside out
Now you know my secrets

So I might (I'm open)
Brought to by my knees to my own words
What I want (to really hurt you)
So show it around

You've been reading my diary
You have taken my heart away
Now you know me inside out
You know my secrets

So what are you thinking
That you've got one up one me
Is that what really matters
Is that the most

You've been reading my diary
You have taken my heart away
Now you know me inside out
You know my secrets

You've been reading my diary
You have taken my heart away
Now you know me inside out
You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets

You know my secrets
