

FictionJunction ASUKA, Everlasting Song (English)

Into the light, I will take you up there
To your homeland of evergreen..
Every moment of life, is a quest for the love
Leave it now in mystery..
Come for the song of eternity
You are my everlasting SONG
I want to be the only one for you..
We'll never be apart
Come now fly with me..
Into the land, I will fly me up there
To the song of ETERNITY..
Every wish and desire, leads me back to the light
Leave it now in mystery..
My Everlasting Song..
Come fly with me..
