

# Fiddler's Green, 1000 Million Pieces

So many words reverberating in my heart  
My hope is building up a wall that falls apart  
And I am staring like a hare, that does not dare  
to go the way to you  
Struggling like a mad man to get rid of you  
Baby can't you help me cos I feel for you  
A thousand memories guiding me  
But I can't find the way to you tonight

Don't let our world fall to 1000 million pieces  
Come on girl it's not to late now  
Don't let our world fall to 1000 million pieces  
Come on girl don't be afraid now  
Don't let our world fall to 1000 million pieces  
Come on baby let me do it I still have the love to prove it  
Come on  
Lets put it right

All my little world is falling down on me  
All my life is locked up in a fantasy  
A thousand lights are blinding me  
So I can't find the way to you tonight  
Struggling like a mad man to get rid of you  
Baby can't you help me cos I feel for you  
A thousand memories blinding me  
So I can't find the way to you tonight

Don't let our world fall to 1000 million pieces...
