## Fields Of The Nephilim, Reanimator

Pain, we are transforming With your daughters underground Pain, we look like sisters Caught up in a landslide Falling down

Too far you can't feel it Too far you can't reach it Too far

Reanimator Reanimator now

Reanimator Reanimator now

Pain, entranced by fire Your world stinks Your world stinks of you

Pain
The world's unwired
Your mind burns
Your mind burns on through
Too far you can't feel it
Too far you can't reach it
Too far
Too far
Reanimator
