

# Fifteen, No Problems

No problems or worries in my life, Just smooth sailing in my sights  
But as soon as I turn my back, Everything just falls apart  
I try to take these things in stride, But my hurt feelings I just can't hide  
I'm not the one to lay down and die, But I'm not afraid to cry  
I can't let these things get me down  
Gotta let it go and get my feet back on the ground  
In time things will always turn around  
It still hurts and I feel so betrayed  
But I know with time, it all just fades away  
Just have to remember, tomorrows another day  
Look to the future for the calm after the storm  
Looking for tomorrow and the new love that it holds
