

Fightstar, Hazy Eyes

I wish I knew where I came from
I wish I knew where I'd been

I don't need you
I don't need you

The lights are going down
Look at us we're fading out
It's been good to have you
The look across your face
Distorted, crushed and hazy eyed
Go fuck your white lies

You strung me all for this time
I won't wait, I won't wait
You dragged me back without mine
I won't fall down
I wish I knew where I came from
I wish I knew where I'd been

I don't need you
I don't need you

The lights are going down
Look at us we're fading out
It's been good to have you
The look across your face
Distorted, fucked and hazy eyed
Go fuck your white lies

Just look away
Oh..
And I'll be there
You find
