Woke up hungry I might steal your plate fr dog  
call me Marmaduke  
cause in the field  
I'm a big dog  
in the trenches sipping Molly water lock jaw  
if you ain't get it from your mama boy that's F\*\*\*\*\*  
I been stacking green  
slime shit like iguana  
blue now or later  
man they match my persona  
big redd bitch  
i choose death over dishonor  
in a maybach truck  
where the seats  
go beside ya

Get up and get them racks  
get up and get them plaques  
get up and feed my cats  
get up and get in my bag  
ima defeat my past  
I'm in a track hawk racing the devil  
I put my foot on the gas  
I put my foot on they a\*\*  
my girl a goddess like Sheeva  
plaques like a Beatle  
straight to the point like a needle  
soar in the sky like a seagull  
rocking evisu  
use to rock American eagle  
play with them drones they lethal  
them bullets eat u  
praying on u and ur people  
king of the jungle

you p\*\*\*\* n\*\*\*\*\* is frogs  
hopping damn the damn street  
bullets knocking out your damn teeth  
knock a fuck N\*\*\*\* out

Rocking some Rick Owen's  
I'm on the way to the west to a Thot  
But I gotta go pick up some Trojans  
Balenciaga on top of my body  
I remember I couldn't afford it  
My pockets fat like Rasputia  
but he'll nah n\*\*\*\* I couldn't be norbit  
I fill raw up with some opp pack  
then I put it in the orbit  
I fill my cup with your mortgage  
I heard that Boy getting extorted  
I need a crib in the forest  
Put a m on life insurance  
need a maybach truck and a urus  
I told that h\*\*  
she could be mine  
but she really thought I was serious

I need the bread need the mf loaf  
I woke up flew to New York  
and I went into Rick  
and bought everything inside the store  
these N\*\*\*\*\* all in my comments  
they all on my D\*\*\* and I swear they be doing the most  
she took a Molly and I took a sip of my cup  
now we floating right off of the floor  
F\*\*\* it  
might as well sip it some more
