

Filo & Peri feat Fisher, Ordinary Moment

All I want
is an ordinary moment here with you no distractions
Tell the world
That youre busy doing nothing
Cancel everything let it go
Meet me in the kitchen at the table
I just want to be alone with you
Stare into the eyes Ive been missing
Dont say anything you dont need to
But you know the greatest crime
Is that we never find the time to..
..to love

All I want
is an ordinary moment here with you no distractions
Tell the world
That youre busy doing nothing
Cancel everything let it go

All I want
is an ordinary moment here with you no distractions
Tell the world
That youre busy doing nothing
Cancel everything let it go
Meet me in the kitchen at the table
I just want to be alone with you
Stare into the eyes Ive been missing
Dont say anything you dont need to
