

Filter, The Wake

Clean

There aint nobody thats clean
Down in the basement
Down here the saints dont meet

Love

Aint nobody loving
Down here your head stays low
You cant see the skies above

Push me a little bit closer to the man in the mirror

The wake aftermath (sticks)
Can you forgive and forget?
The wake aftermath (hate)
Do you forgive or regret?

Grow

Aint nobody growing
Its hard to remember hope
Your standards just stay low

Change

Aint nobody changing
I dont want to stay this way
I cant stay deranged

Push me a little bit closer to the man in the mirror

The wake aftermath (sticks)
Can you forgive and forget?
The wake aftermath (hate)
Do you forgive or regret?

Do you forgive and forget?
