

# Finch, The New Kid

I'm on my way back home  
I've lost my way  
I've gone astray  
I'm on my way back home  
They will let me in from the cold  
'Cause i'm the new kid like everybody  
'Cause everybody lives again  
I'm in my new skin safe in knowing  
That one we will meet again  
I'm sheltered here in my wings  
And I won't forget you're everything  
Cause in your heart is where I live  
And that's alright  
You are alive  
Said i'm alright  
And now said i'm alright
