

# Fine Young Cannibals, Blue

Ooooohaaaaah.

Ive had a bad day, yeah.

My hometown is falling down, Im mad about that.

And people there dont seem to care, Im mad about that.

Chorus:

Good god, all my tears

Theres no denying life

Would be better if I never ever had to live with you,

Blue - its a colour so cruel

Repeat chorus

Government has got me wrong, Im mad about that.

And it makes me feel like I dont belong, Im mad about that.

Its making life a misery, you would have taken the liberty

Government has got me wrong, Im mad about that.

Chorus

Repeat chorus

There you go telling lies, its no surprise

I say a prayer, to make you care,

You wouldnt listen

Its been too long, its time youre gone

Get away from here

Ive had too much - but not enough

Its time you left

Chorus x 3
