

Finley Quaye, Broadcast

White leather
Mongoose
Any weather
Turn it loose
Monkey
From the suburbs
Catchy catchy
Left my car
Slowly slowly
At the bar
Softly softly
Healthy
Broadcast
Through the trees
And the breeze
With a ninja
Subaru
Faith love and charity
No Glenn hoddle
No supermodel
No Dennis wise
With his home and away eyes
No David vine
No John Virgo
You love green peace
I love green peace
I love green pea
Butter bean
And broad bean
Black-eye beans
And kidney beans
Mung beans
An runner bean
Be courageous
Go to Barbados
You believe me
Then you leave me
Me myself
We ourselves
Green white and gold
Red white and blue
Red gold and green
Get protected
Then get connected
Broadcast
Ghetto blast
Dig it all
Digital
Dig it all
Digital
Birkenstocks
And Reeboks
You do de-tox
You do re-tox
You don't get no orthodox
So I'll feed you
If you're ill
Keep it clean
And serene
Train you
Make you faster
Make you able
Run your label
Or your station

Or your money
Or your life
