Finley Quaye, Ultra Stimulation

Nobody knows her Nobody knows her at all

And I ain't wondering why

I love that girl at all

Love love love

Love that girl at all

Hey hey yeah

Ultra stimulation

Satta vibration

Ultra stimulation

Vital vibration

Anybody's music

Any dance at all

She just loves that dancing music

Late late

Late not dancing hall

What you say

Ultra stimulation

Satta vibration

Ultra stimulation

Vital vibration

Well if you're up and if you up we live it up

Well if you're up and if you up we leave you up

Well if you're up and if you up we give it up

Well if you're up and if you up we leave you up

She will guide i will follow

And she test all the swallow

And she cook up a fire

And she take it up stronger

Anybody's music

Any dance at all

She just loves that dancing music

Late late late

Late not dancing hall

Hey hey hey
