

# Fiona Apple, Hot Knife

If I'm butter - if I'm butter  
If I'm butter, then he's a hot knife,  
He makes my heart a cinemascope,  
He's showing the dancing bird of paradise.

If I'm butter - if I'm butter  
If I'm butter, then he's a hot knife,  
He makes my heart a cinemascope,  
He's showing the dancing bird of paradise.

He excites me  
Must be like a genesis of rhythm  
I get feisty  
Whenever I'm with him

If I'm butter - if I'm butter  
If I'm butter, then he's a hot knife,  
He makes my heart a cinemascope,  
He's showing the dancing bird of paradise

I'm a hot knife- if I'm a hot knife  
I'm a hot knife if he's a pad of butter.  
If I get a chance, I'm gonna show him that  
He's never gonna need- never need another.

I'm a hot knife- if I'm a hot knife  
I'm a hot knife if he's a pad of butter  
If I get a chance, I'm gonna show him that  
He's never gonna need- never need another.

(And you can, and you can, and you can wild up around me)

(If I'm butter - if I'm butter  
If I'm butter, then he's a hot knife,  
He makes my heart a cinemascope,  
He's showing the dancing bird of paradise)

(And you can, and you can, and you can wild up around me)

I'm a hot knife- if I'm a hot knife  
I'm a hot knife if he's a pad of butter  
If I get a chance, I'm gonna show him that  
He's never gonna need- never need another.

(And you can, and you can, and you can wild up around me)

He excites me  
Must be like a genesis of rhythm  
I get feisty  
Whenever I'm with him...
