

Fire Engine Red, Armor Of God

Come on brother be strong
put the armor of God on
struggles not between flesh and blood
come on, put on, put on... the armor of God
gospel of peace to plant my feet on
they shield the arrows of the evil one
sword of the Spirit, that's the word of God
it's on, it's on, it's on...the armor of God

breastplate of righteousness is on
belt of truth is on
helmet of salvation is on
its on, its on, its on
gospel of peace I'm standing on
shield of faith I'm holding on
sword of the spirit I'm ready to swing
it's on, it's on, it's on
