

# Fireball Ministry, Sundown

Well lock up the doors and be silent  
Tell all of the children be still  
A lifetime of pain upon us  
Never control a man's will

Sundown  
Raise a fist to all before us  
Rundown  
Steel and sin were all they gave  
Comedown

Pray the end will come to haunt us  
Sundown  
Send the demons to their grave

Listen for sounds of the dark ones  
Spreading the fear they instill  
A lifetime of pain is upon us  
Never control a man will
