Firebird, Fat Cat Groan

Sitting on his backside He feels like a king. Handing out the orders, Well that's his thing.

Says it was the first time His work load was high, Dishing out the wages Is such a ride.

Seems I'm moaning, Fat cat groaning.

Smoking like a bastard, He kicks back and smiles. ??? Pays his lunches

Says it was the first time His pay cheque was high. Pissing off the workers, He'll suck you dry.

Seems I'm moaning, Fat cat groaning.
