

Firebird, Through The Fields

All I want to know there inside
is Those whose wanted more will soon find
The journey i must be in could be long

And all the time it takes ???

???

Time will show

???

Through the fields I will go

The place i need to be in sooth my heart
The land I long to see keeps me calm

???

Time will show

???

Through the fields I will go

To that place I miss so
