

# Firebird, Torn Down

Yeah you got what you asked for,  
You wanted something from me.  
You took all 'til I had none,  
Now there's no sympathy.

You say you want me to come back,  
But there ain't nothing that I need.  
There's a time and place  
To step back from what used to be.

Watching you walk away from here...  
I'm torn down.  
I'm torn down.

Nobody gave you a licence  
Don't ??? ??? round my home.  
Why would I be with you  
When I can be on my own?

The people you were deceiving  
They saw through you in the end.  
Trying hard to be polite  
But it seems that I can't pretend.

Watching the empty shell that's left...  
I'm torn down.  
I'm torn down.

Well, yeah!  
I'm torn down.  
Well, yeah!  
I'm torn down.
