## Fireforce, Annihilation

Merciless behaviour to those who rise No one will survive Overrun by the legions pillaging the land Retaliate or be enslaved - live your life

Beat back the legions, the evil one And Rome must fall If we surrender, wife's and kids will die No more freedom - We'll rise

Annihilation Be killed or live as a slave Annihilation You better die as a brave

Facing the enemy, unify ! Victorious or die Engaging the Romans - We fight ! No more treaties - Waging war
