

# Fireforce, Coastal Battery

Me and my commanders are staring at the sea  
Waiting for my enemy - We're fighting to be free  
In our concrete shelters, safe for their guns  
We are the warriors, we are the Reich's sons

In the misty morning - Their ships arrive  
Atlantic Wall - Ready to survive

Coastal Battery  
Fire ! Fire !  
Coastal Battery  
Coastal Battery  
Fire ! Fire !  
Coastal Battery  
No retreat! No defeat!

We are aiming and hold them at the beach  
Our shells are howling when the target's reached  
The shield of Europe will hold and never break  
Fire at will, our freedom is at stake

In the misty morning - Their ships arrive  
Atlantic Wall - Ready to survive

Coastal Battery  
Fire ! Fire !  
Coastal Battery  
Coastal Battery  
Fire ! Fire !  
Coastal Battery  
No retreat! No defeat!

Fire - Fire !
