Fireforce, Gangland (Tygers of Pan Tang cover)

Help me, protect me, get me out of this place No chance, no hope in the rat race They don't care, they don't see Where you've been They don't wanna know That you can't cope with anything

Oh, yeah, yes No easy come, easy go Not too fast, not too slow Must get up, but you've pulled back down If you mess around with fire You're gonna get yourself burnt

Hit it, break it, kick down the door If you want some, you'll get some of the action They still laugh, at your part in their play They hide the truth Ain't no cure for a messed up youth

Oh, yeah, yes No easy come, easy go Not too fast, not too slow Must get up, but you've pulled back down If you mess around with fire You're gonna get yourself burnt

Can't stand, can't charge the social gangland All stick together You will never break their wall They don't care, they don't see Where you've been They don't wanna know That you can't cope with anything

Oh, yeah, yes No easy come, easy go Not too fast, not too slow Must get up, but you've pulled back down If you mess around with fire You're gonna get yourself burnt
