

# Fireside, Ambulance

This is not what you love me for  
Will give you a present actually please you  
Whatever will actually please you  
Its funny and sad to look at you these days  
When nothing really matters  
And were doing our best i guess

I just wanted to know  
Does anybody own you  
No, i got to pay  
And end up broke and worn out  
Youll have to do better than that
