

# Firewind, Burn In Hell

Leader of the "master race"  
Tried to capture the world  
A psychic with nightmares  
Couldn't state his prophecies

They kill in the name of god  
Dead bodies on the fields, screaming

He lost the war, with hate inside  
For sure, he'll burn in hell  
Killing innocence was holy sin  
For sure, he'll burn in hell

Genocide in this state  
With emotion of hate  
We call him antichrist  
Who is against what is right

They kill in the name of god  
Dead bodies on the fields, screaming

He lost the war, with hate inside  
For sure, he'll burn in hell  
Killing innocence was holy sin  
For sure, he'll burn in hell

-Solo-

He lost the war, with hate inside  
For sure, he'll burn in hell  
Killing innocence was holy sin  
For sure, he'll burn in hell

He lost the war, with hate inside  
For sure, he'll burn in hell  
Killing innocence was holy sin  
For sure, he'll burn in hell
