

Firma, The Pirate

Never knew you were such a thief..
Oh, I'd expect things like that from a person like you..
You will never amaze me, we're too alike.
Testing the waters, our ideas are so extreme.

Friend how the eccentric eye is like to mine
We challenge the axis and push to create
A revolution..
A revolution..

Passion, I undergo sea
Oh, set up and cast away while I am sitting...
Alone.. Sit alone with me.
Testing the waters our ideas are so extreme
