

# Fishbone, Change

There's a light on a hill  
That's far out in the distance  
And it calls out my name  
It calls out for a change  
Far away voices  
That want their own choices  
Sigh for a plea  
As it calls out for a change  
Ooh Change  
Ooh Change  
Ooh.....We can change today  
Repeat Chorus  
Deep inside our hearts  
There's a love  
You can feel  
It's a love that assures  
We can cry out for change  
The dark clouds that did dance  
To the blue skies here before me  
Make it plain to my eyes  
We can cry out for change  
Ooh Change  
Ooh Change  
Ooh.....
