

Fishbone, Change 2:55

(K.Jones/C.Dowd)

There's a light on a hill

That's far out in the distance

And it calls out my name

It calls out for a change

Far away voices

That want their own choices

Sigh for a plea

As it calls out for a change

Ooh Change

Ooh Change

Ooh.....We can change today

Repeat Chorus

Deep inside our hearts

There's a love

You can feel

It's a love that assures

We can cry out for change

The dark clouds that did dance

To the blue skies here before me

Make it plain to my eyes

We can cry out for change

Ooh Change

Ooh Change

Ooh.....
