

Fishbone, Change 2:55

(K.Jones/C.Dowd)

There's a light on a hill
That's far out in the distance
And it calls out my name
It calls out for a change
Far away voices
That want their own choices
Sigh for a plea
As it calls out for a change
Ooh Change
Ooh Change
Ooh.....We can change today
Repeat Chorus
Deep inside our hearts
There's a love
You can feel
It's a love that assures
We can cry out for change
The dark clouds that did dance
To the blue skies here before me
Make it plain to my eyes
We can cry out for change
Ooh Change
Ooh Change
Ooh.....
