

# Fishbone, No Fear

There's a storm coming  
But there will be no rain  
Bringing clouds of anger  
From a thousand years of pain  
For some of us there is no shelter  
From the change in the weather  
It will find you wherever you run  
So if you're down for what's right  
There's no reason to hide  
For you there is no fear

People dying and crying  
The sound of shattered dreams  
Drowning the voice of the future  
With negativity  
For some of us there is no answer  
To the change in the weather  
Cloud's will cover the sun  
So if you're down for what's right  
There is no reason to run  
For you there is no fear

Run Run Run Run...  
But you can't hide...  
From the storm  
Lightning from the sky  
Will strike you down  
I have no fear (x2)

There's a hurt coming  
But who will feel the pain  
And the tears of sadness  
Falling down like rain

Run Run Run Run...  
But you can't hide...  
From the storm

Lightning from the sky  
Will strike you down  
I have no fear (x2)

There's a storm coming  
But there will be no rain
