

# Five Bolt Main, The Gift

Please explain a couple of things to me

How could you leave and then turn your back on me?

If only we said goodbye, maybe then I would respect my life

In the end I am so ashamed of what you did

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that you used to be

(why) and the look you see upon my face is the gift from you to me

A haunting pain that lingers over me

This is not the way its supposed to be if only we said goodbye maybe then I would respect my life

In the end and I'm so ashamed of what you did

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that you used to be

(why) and the look you see upon my face is the gift from you to me

You made me what I am you made me what I am

You made me what I am you made me what I am

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that you used to be

(why) and the look you see upon my face

Is the gift from you to me

Is the gift from you to me
